CROFT

Product Code: 7032-160

Product Name: Bark Cabinet Handle

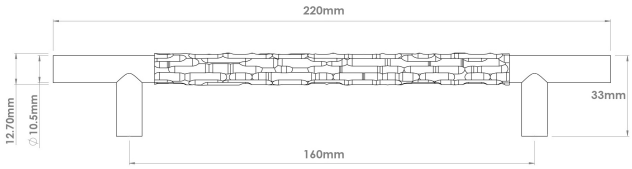

Description: True to its name, the Bark cabinet handle was meticulously designed to emulate the pattern of natural tree bark.

The surface features soft, tactile grooves that are completely unique, meaning no two products will be the same.

Shown here in our Midnight Carbon finish.

Product Information

Our 7032 is available either 128 or 160mm c/c, both 10.5mm dia and supplied with M4 fixing bolts.
